Notes to editors

1. The Ahmadiyya Muslim community is based on over 175 countries of the world and is renowned for its services to the community in the fields of education and health.
2. The Community is the most dynamic denomination of Islam in modern history. The Ahmadiyya Movement was established in 1889 by Hadhrat Mirza Ghulam Ahmad (1835 – 1908) He claimed to be the expected reformer of the latter days, the Awaited One of the world community of religions (The Mahdi and Messiah). The Movement he started is an embodiment of the benevolent message of Islam -- peace, universal brotherhood, and submission to the Will of God -- in its pristine purity.
3. Wherever the Movement is established, it endeavours to exert a constructive influence of Islam through social projects, educational institutes, health services, Islamic publications and construction of mosques, despite being bitterly persecuted in some countries. Ahmadi Muslims have earned the distinction of being a law-abiding, peaceful, persevering and benevolent community.
4. The Ahmadiyya Movement in Islam was created under divine guidance with the objective to rejuvenate Islamic moral and spiritual values. It encourages interfaith dialogue, and diligently defends Islam and tries to correct misunderstandings about Islam in the West. It advocates peace, tolerance, love and understanding among followers of different faiths. It firmly believes in and acts upon the Qur'anic teaching: **"There is no compulsion in religion."** ([2:257](#)) It **strongly rejects violence and terrorism** in any form and for any reason
